G E R M A N Y

Welcome to the

BLACK FOREST STUDIOS

Bring your ideas – we'll make it happen!

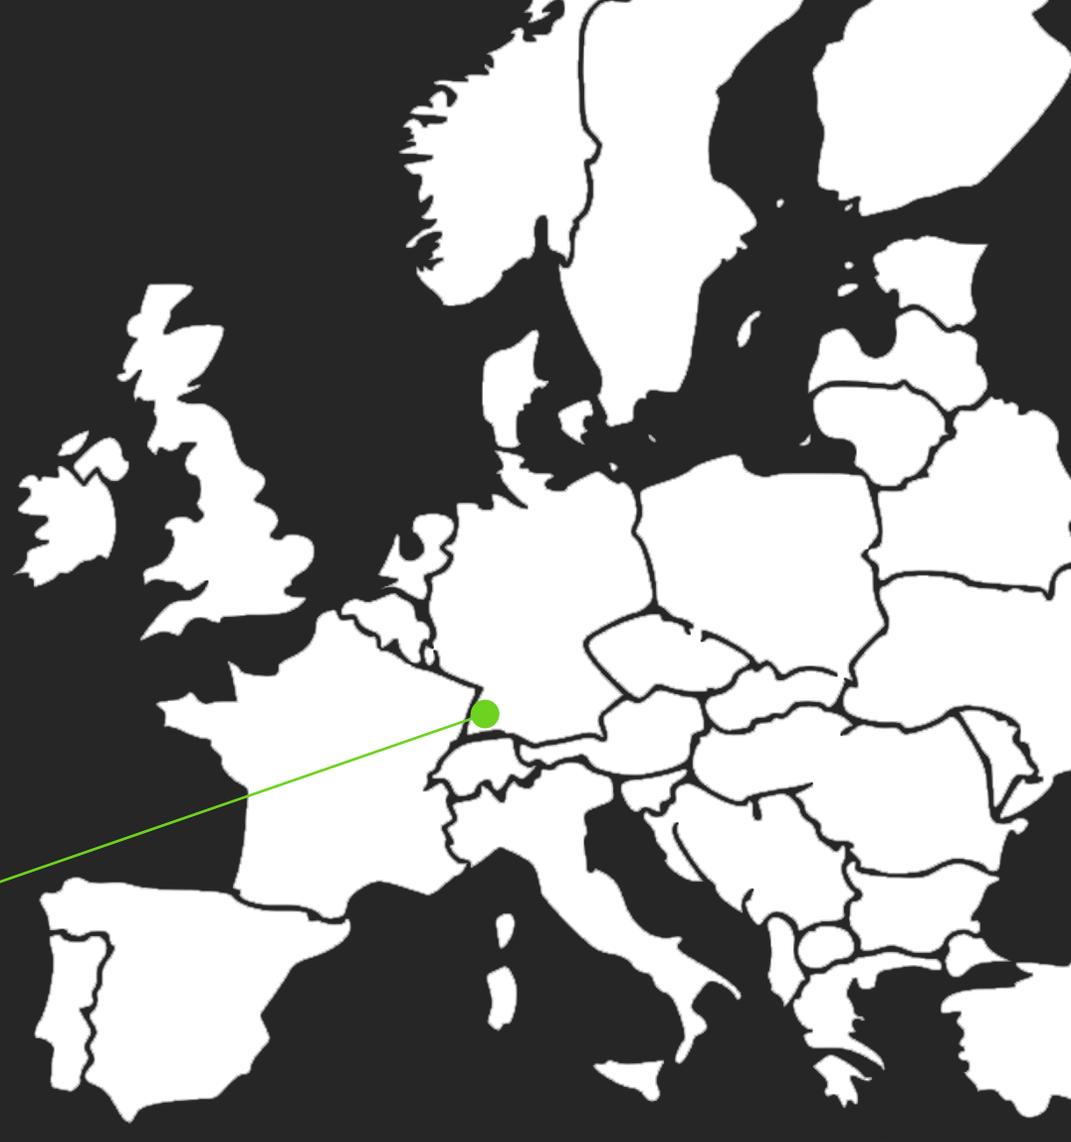

BLACK FOREST STUDIOS
GERMANY

Located in the heart of Europe, our fully-integrated green studio facility provides space, equipment and services to cover your professional production needs.

Whatever your next project will be: we've got you covered! With flexible stages in different sizes, on-the-lot locations, office space, postproduction facilities, full production services and technical support, our studio platform in the Black Forest in Southern Germany meets your production's expectations – on highest international standards.

Lead by filmmakers who have been working in the international film industry for three decades, the Black Forest Studios are prepared to serve your needs – be it a small photo shoot, an exclusive event, live streaming or a big-scale movie production.

Production Services

We support production as a full-service provider and meet any external film production's needs by accessing our comprehensive service workflow and effectively capture and expand resources in the local film market.

Through our partners, we're the largest equipment provider in the region for film lighting, camera support and grip.

Sustainability

As a green studio facility, the Black Forest Studios has a commitment to sustainability and eco-friendly practices. We integrate a wide variety of features, services and efforts throughout the facility to help conserve resources, promote green living and reduce the overall footprint of this dynamic workplace on our environment. Our green shooting consultant is at your service to work with you and determine your specific needs.

OUR GREEN INITIATIVES

- Green Shooting Consultant
- Organic and regional café and craft services
- Recycling of construction materials
- FSC-certified papers used in marketing materials
- Onsite bikeshare program
- E-charging and electric/hybrid company car fleet
