früh **EM GOLDE KAPPES**

The city centre of Cologne is not the only place where you can enjoy the traditional Rhineland fare, freshly tapped Kölsch beer and hospitality of FRÜH Gastronomie. Our FRÜH „Em Golde Kappes“ in Cologne Nippes is an institution amongst the neighbourhood bars of Cologne. This traditional bar was established in 1913 by proprietor Matthias Becker from Nippes. Ever since then the inn that has always been known as the “Kneip op d'r Eck” (bar at the corner) has been an integral part of the district's catering landscape. Locals from Nippes and people from many other Cologne neighbourhoods congregate here to enjoy their Kölsch beer together.

früh **EM VEEDEL**

The catering landscape of the “Severinsviertel” district is also formed by the FRÜH „Em Veedel“. We have been operating this traditional restaurant directly at “Chlodwigplatz” Square since 1979. The historic building is where the “A. Hermann Distillery” used to have its restaurant. The restaurant serves traditional brewery fare with freshly tapped FRÜH Kölsch beer. The plain and rustic ambience invites guests to stay, get comfortable and party. Tradition-conscious as we are, this is still the place to go for schnapps from our own distillery, as used to be the case with the Hermanns before.

früh **EM Jan von Werth**

The traditional „Jan von Werth“ inn joined the FRÜH family in September 2018. Be it hearty stews, thick Gouda slices on rye rolls, black pudding, or knuckle of pork - all dishes are freshly prepared to FRÜH's proven recipes. Locals wash this down with a freshly tapped FRÜH Kölsch beer! For your lunch break, we are just as happy to serve you our alcohol-free FRÜH Sport soft drink. Only here: bowling is trendy and fun - why not book our rustic bowling alley?

früh **EM TATTERSALL**

A meeting place as ever, the Tattersall. Young and old from near and far like to meet here for a freshly tapped FRÜH Kölsch, even outside of racing days. The wonderful self-service beergarden with its old linden trees offers shelter from almost any weather. Families enjoy the traditional brewery cuisine and the spacious grounds far away from the traffic noise, in the middle of a landscape conservation area.
