Panorama Lounge Hamburg at a glance

The Panorama Lounge is located in the heart of St. Pauli, right on the harbor with a unique, incomparable view of the Elbe. The view from the large panorama windows of the event location extends from the HafenCity to the fish market and offers exciting views of the Elbe and the directly opposite docks.

facts

A large function room = about 210 square meters

Up to 40 free parking spaces in the underground car park

TECHNIQUE

Sound for speech, DJ or live music. Individually adapted.

The Panorama Lounge has a high-quality 4-line mini-line array speaker system for excellent speech intelligibility. Two powerful subbasses provide the foundation for the exuberant party. The system is optimally aligned to the room and is centrally controlled.

An individually designed lighting concept ensures the right lighting ambience. Presentation of corporate colors or dynamic lighting design throughout the entire event is possible (reception / dining / dancing) via computer control.

Projector / screen / TV etc., radio microphone,
Stage and further technology on request.
