

Your Hybrid Event Studio for Livestreams in the Heart of Zürich

In January 2021, Core Productions GmbH opened the hybrid studio in its prominent location in Zürich's vibrant district Kreis 5. The 5studio is perfectly suited for the needs and requirements of the current event situation. Whether meeting, digital event, hybrid event, cultural event, TV, talk or streaming – at 5studio, we can realize nearly all events with the atmosphere of a live event.

The Streaming Studio with Live Ambience

The 5studio is located in the middle of Kreis 5, the former industrial-district-turned- trend-quarter in Zürich-West. In December 2020, it underwent a complete redesign and refurbishment to adapt to the needs and requirements for modern digital and live events. In addition to its industrial chic, the 5studio can easily be adapted for current regulations related to events, safety, and health. If the circumstances allow for it, it is even possible to add a live audience following the official COVID-19 safety measures and regulations. Professional technical equipment, the attractive multi-functional room and stage design as well as its charming live atmosphere guarantee the optimal production of your event.

A Location with a Fascinating History

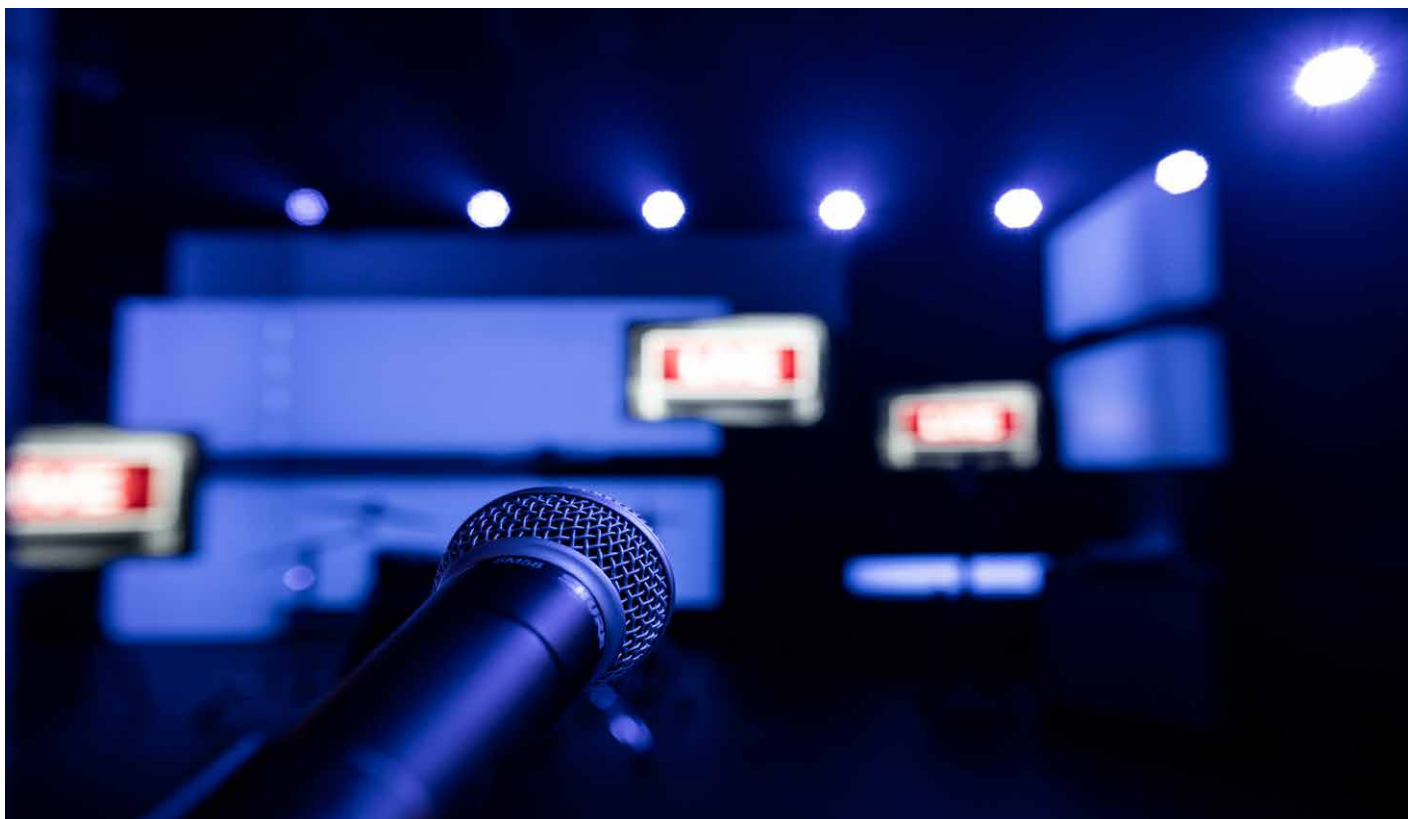

Formerly known as Laborbar 5, the location looks back on a lively history in the event industry. Among others, the popular location was used to host Kurt Aeschbacher's talk show and Blue Sport's (formerly Teleclub) Champions League broadcasts as well as countless culture, comedy and music events.

- stage (50m²)
