24/7 EVENT

SPINDLER & KLATT

THE THOUGHT

The Spindler & Klatt is a multifunctional gastronomy concept consisting of a restaurant, club and event location, which meets the highest functional and esthetical demands. The reduction to the basic essentials is key. Original Asian anti-qualities have been combined with a pure and clear furniture design concept.

The flexible furniture elements, the extensive sound- and light technology as well as the projection screens let the Spindler & Klatt shine in the appropriate atmosphere for any kind of event. The design of the Spindler & Klatt is based on the thought of a studio, a micro cosmos in the metropolis of Berlin directly located at the Spree River and by the former East-West border.

Typically Berlin – confident, convertible, creative and international.

THE LOCATION

THE RESTAURANT

Our approximately 350 m² Restaurant is fitted with sand white curtains, which create a stylish, warm atmosphere. The 36 fixed installed “screens” can be recorded with your logos, image movies and other visuals.

Because of our flexible furniture concept, we can adapt the whole set up completely to your wishes and expectations. In this way we can create space for up to 500 people with mixed seating arrangements or for up to 200 people with a gala setting. The available stage features offer us room for concerts and other presentations.

The ceiling height of almost 10 meters offers great opportunity, for example, acrobatic shows, to make your event into something truly special for you and your guests. We are happy to put forward to you suggestions for different Entertainment opportunities.

THE LOCATION

THE GALLERY

On top of the overseas containers, where the wardrobe and the toilets are located, is the VIP Gallery. It can be used as a separated area with its own bar and offers guests a great view over the restaurant.

The section is mostly equipped with lounge furniture and bar tables, which can be arranged in the modular structure in any shape. Everything is possible from long tables, normal tables, banquet seating or exclusively bar tables as a separate party area.

With a capacity for up to 100 guests, this section is ideal for smaller groups.

THE LOCATION

THE CLUB

While the restaurant impresses with its size and clean designs, the club is small, compact and comfortable.

In the approximately 165 m² sized room, the Asian features, Chinese sculptures and the long bar are in the foreground.

A warm lighting, the fields of incandescent bulbs and the low ceiling create a pleasant club atmosphere for about 250 guests.

This area too can be well used as a separate VIP zone or as a second dance floor.

THE LOCATION

THE WOOD LOUNGE

The unroofed part of the outside area is also the lobby and is about 250 m² in size.

The lounge outdoors furniture, fire pits and the designed waterfall are an invite to relax directly at the Spree.

In good weather, the BBQ stations provide a real summer feeling in the middle of the big city.

In winter, two tent tunnels are built on the Wood Lounge to be able to handle the wardrobe logistically easier when having big events. This way, the guests can directly enter the heated winter terrace after handing in their jackets and coats.

THE LOCATION

THE TERRACE

The Terrace area directly by the Spree has an effective area of about 200 m² and offers space for dinner for around 180 guests, and for events up to 300.

During summer, the terrace is covered with white Ibiza sails. They offer protection from rain or sun and make it possible to ideally use the area under any weather circumstances.

For the winter, a winter garden made from transparent planet funnels terrace was conceptualized specially for this terrace. The terrace can be heated and is therefore usable in winter, too. It gives guests the spectacular feeling of being standing outside by the Spree in the middle of winter.

Because of the independent terrace bar, ways are always short for the guests.

THE LOCATION

THE PONTOON

The former coal tugboat has been rebuilt to shine again with a new look and offers your guests an unforgettable view of the Oberbaum-bridge and the East Side Gallery, two of Berlin's most famous attractions. With only two steps, you get from the terrace down to the covered "swimming Restaurant", which offers space for approximately 130 guests.

The Pontoon has its own bar and here too, you find the design of flexibly moveable tables, chairs and lounge benches.

The guests are not only by the Spree, they are directly on the Spree, which makes the Pontoon one of the most attractive event spaces in Berlin.

SPINDLER & KLATT

THE CLUB RESTAURANT

The restaurant of the Spindler & Klatt offers its guests culinary brilliance. The team around the head chef Samer Schramm uses fresh ingredients with guaranteed highest quality for the Pan-Asian-European kitchen.

The summer terrace, as well as the swimming pontoon, offers not only an unforgettable view of the Spree, but also the scenery for a memorable dinner.

On the weekend, the location transforms with fluent transition from a dinner atmosphere to a club with many possibilities.

SPINDLER & KLATT

THE CATERING

In addition to the exclusive event location, the pan-Asian restaurant and the club operation, the Spindler & Klatt offers individual catering for several event formats.

The kitchen around Samer Schramm relies on the longstanding event- and catering experience. The range of dishes gets individually created for every single event; whereas it is also possible to choose from an exquisite selection of menus and buffets, which have been previously very well received by a large Spindler & Klatt repertoire.
